Even Google Pixel Devices already got the Android 12 OTA updates. Android 12 comes with lots of new features and the company brought Material You that lets users influence the design of their operating system without using any third-party apps. Currently, at the time of writing this Android 12 Custom ROMN post, the Android 12 first stable is live for the Google Pixel users, and thanks to google for releasing the source code to AOSP. This means that now the developers can now build the Android 12 Custom ROM for the android phones. Even so many custom ROMs are valuable right now, which users can install on their phone and enjoy the Android 12 on their phones.As we mention above the Android 12 comes with lots of new features and the major change is the new UI, With new Widgets, new customization options, and lots more. But all these features are only for the devices which come with AOSP skin, and not custom OS skins like Xiaomi MIUI, Realme UI, ColorOS. So if you want to enjoy all these new features on your phone, then you can use the ASOP Android 12 custom ROMS on your phone. Here in this post e are sharing the list of the ROM from there you can Download Android 12 For Your Android Phone.Android 12: New Features:Here you can check some of the best and new features of Android 12, Which help you understand the power of the new Android OS.1. A New Look 2. Better Quick Settings 3. A Privacy Dashboard 4. Microphone and Camera Control 5. More Location Tracking Control 6. Richer Notifications 7. Scrolling Screenshots 8. Easier Wi-Fi Sharing 9. On-Device Search 10. One-Handed Mode 11. Better Gaming 12. Improved Picture-in-Picture (PiP) mode 13. All-new emojis 14. New media player UI 15. Dynamic themes 16. Image blurs, color filters, and other effects 17. And lots more...Check out more Features of Android 12 HereList of Android 12 Custom ROMThis is the current list of devices that have received an Android 12 custom ROM:1.
